CHARGES: Pending Traffic Homicide Investigation

NARRATIVE:  
 Both vehicles were traveling eastbound on Interstate 10 near mile maker 44. V01 was towing a large box trailer loaded with large inflatable jump houses. The trailer began to sway uncontrollably and V01 began to lose control. As the trailer swayed, the right side of the trailer collided with the left rear side area of V02. V02 was forced to the right and the driver of V02 steered to the left and V02 began to rotate to the left. Driver 2 corrected back to the right and V02 rotated to the right, left the roadway onto the right shoulder, and came to final rest facing north on the south shoulder.  
  
 V01 and its trailer rotated to the left and entered onto the left shoulder, leading with the right side. The right side area of V01 collided with a tree and came to final rest facing in a south east direction. Due to the collision, Driver 1 was fully ejected from the vehicle. The trailer rolled onto its right side and came to final rest on its roof facing in a north west direction.
